

## ISO 9001:2015 Standard Training Course On Site

### Objectives

The processes of ISO 9001:2015 are described and students will gain an understanding of the requirements and how those requirements apply to their organization and their individual departments.

### Prerequisites

It is recommended that all students have a basic knowledge of your companies' quality management system policies and procedures

### Who Should Attend?

This course is ideal for those who are involved in the quality management system development and maintenance.

## Learning Objectives

- Understand quality management definitions, concepts, and guidelines
- Interpret key concepts and requirements of ISO 9001:2015 from an implementation perspective
- Build an efficient and effective quality management system
- Learn best practices and techniques to implement each clause of ISO 9001:2015

## Date, Time, Location

This course is performed on-site at the customer's location and can be scheduled at your convenience.

## Cost

\$850.00 USD per person (must have at least six participants minimum) and includes training materials. If ten or more persons from the same company register at the same time, a 10% discount is applicable. Note to ensure enough time is spent answering questions and training facilitation no more than 12 participants are permitted.

## Cancellation Policy

If you cancel greater than 15 days in advance of the first day of class, a cancellation fee of \$150 will apply. If you cancel 14 days or less prior to the first day of class, the total amount is non-refundable. If minimum class size is not met for this event, it may be cancelled and notification will be provided at least 21 days prior to the event. Participants will be notified and provided a 100% refund if ACG cancels the course.
